# About NHEI

# An Overview Of New Horizon Educational Institution

## Where the legacy first began!

New Horizon Educational Institutions (NHEI) is a group of premier institutions set up in the year 1970. NHEI has an impressive history of providing innovative education, with a vision and mission to impart holistic education to all its students. Strategically situated in the prestigious IT capital of India, Bengaluru, NHEI has grown rapidly over the past few decades.

We, at New Horizon, are constant in our pursuit of excellence, and impart the kind of education that will make our country proud. The name 'New Horizon' is synonymous with extraordinary performance, dedicated commitment towards teaching and training, unrelenting honing of skills, nurturing of talent, character building, and the development of a holistic personality.

Under the umbrella of New Horizon Educational Institutions, we have eight high-performing institutions that take care of the educational needs of students from the pre-primary level to the professional stage. Every institution at New Horizon follows a key philosophy, encompassing two important things: the "Mission Possible" theory and the belief that "Every Problem Has a Solution".

Inspired by NHEI's motto "In Pursuit of Excellence" and motivated by invaluable core values that make a complete human being, New Horizon aims to offer everything that students would need to succeed not just in their professional life but also in their personal life.

# Chairman's Perspective

**Dr. Mohan Manghnani**

Chairman  
New Horizon Educational Institution

We live in a world where the acquisition of knowledge is the key to success. At New Horizon International School, we believe that after home, it is the school where learning takes place. Hence, a lot of care goes into recognizing a student's uniqueness. It is important to realize that knowledge is not simply absolute power, but an inner awakening. An awakening of a child's inner faculties and an awakening that enlightens the mind. It is the light that leads the world from the darkness of ignorance to the brilliant radiance that only knowledge can bring.

At NHIS, our students are inspired and motivated to the faculties of their mind to be creative and innovative. With state-of-the-art facilities and an enquiry based education, we aim to provide the best for your child's growth!

It is indeed a happy moment that you have chosen New Horizon International School to impart the best holistic education and well-being to your child. We welcome your child with open arms and look forward to an impactful academic year!

# Principal's Message

**Mrs. Veena Sahani**

Principal  
New Horizon International School

It is with immense pride and a deep sense of responsibility that I welcome you to our fascinating school.

At New Horizon International School, we are committed to nurturing young minds and shaping leaders of tomorrow. We aim to create a dynamic and vibrant educational environment that stimulates a child's curiosity to learn and assimilate knowledge and skills. At NHIS, we believe that education is a transformative journey. It is a journey that empowers individuals to dream, to aspire, and to achieve their full potential.

Our dedicated team of educators comprises experienced and passionate individuals who are not just teachers but facilitators of knowledge building, guiding students towards holistic development.

We impart an extremely learner centric and flexible teaching pedagogy, customizing teaching techniques as per individual needs. We understand that education is not confined to just textbooks; it encompasses character building, inculcation of values, creativity, critical thinking, and the development of life skills. Our curriculum is designed to foster these qualities, ensuring that every student emerges as a well-rounded individual ready to face the challenges of the modern world.

Let's work together to fulfill all these goals and create a healthy ecosystem for our kids to learn!

# New Horizon International School

" A Global Education Rooted in Indian Values "

# About Us

New Horizon International School, the latest venture of New Horizon Educational Institutions, is a place where education and excellence unite to create a nurturing and inspiring environment for students of all ages.

Our motto is to provide **"A Global Education Rooted in Indian Values"**, and our educators strive hard every day to inculcate and instill values in our children while providing education of the highest quality using the latest technology and tools.

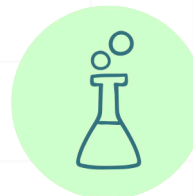

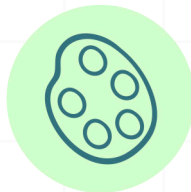

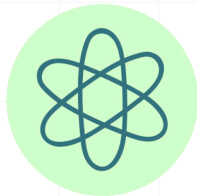

As a global leader in international education, we open doors to a world of opportunities, to shape individuals who are true global citizens, but at the same time, inherently Indian.

## Why New Horizon International School?

At NHIS, our students are taught to be not just intelligent, but also wise. They are taught to not just absorb knowledge, but to create it. The students are taught to not just replicate, but to innovate! Our campus is meticulously designed to inspire new ideas and ignite curiosity in our students to awaken the innate genius within them.

- Experiential learning to promote innovation and creativity.
- Innovation and Creation are not just encouraged but prioritised.
- Strong emphasis on morals, ethics, and values
- Extraordinary infrastructure
- Highly qualified and specially trained faculty
- Flexibility between the Cambridge and HYBRID CBSE boards

What makes us different from the rest? The differentiating factor lies in our way of approach towards teaching and our elevated level of commitment to kindling young minds and generating leaders, who are trailblazers and beyond mere professionals. We do not back down when it comes to providing the best quality of education!

# Our Vision Mission & Goal

## Vision

To provide a comprehensive multidisciplinary learning experience that empowers our students to become successful Global Achievers and Pioneer Innovators.

## Goal

Our goal is to offer our students, a world-class international curriculum that has been seamlessly amalgamated with our country's rich culture and the wisdom of our sages to enable our students to become well-rounded individuals, exemplifying knowledge encompassing all aspects of life.

# Mission

To integrate the cardinal skills of Critical Thinking, Communication, Collaboration and Creativity with a teaching pedagogy that focuses on Skill Development to ensure that our students are ready to tackle life's challenges and emerge as indisputable leaders.

# Core Values

A community inclusive of all learning profiles defines New Horizon International School. Our ideologies welcome multiple perspectives, which aid in an engaging and continuous conversation amongst all learning partners, playing a significant role in improving the quality of learning at NHIS. Our values are deep-rooted in our great Indian Culture and we follow them unequivocally to ensure that our students develop a moral conscience that will help them become the best version of themselves. To carry out our mission, we have adopted a shared set of values that unite us together, providing purpose, structure, and inspiration.

While these values are integrated into our academic and enrichment programs for students, we also expect that all members of our community, including parents, abide by them.

**Integrity**

**Compassion**

**Perseverance**

**Respect**

**Hardwork**

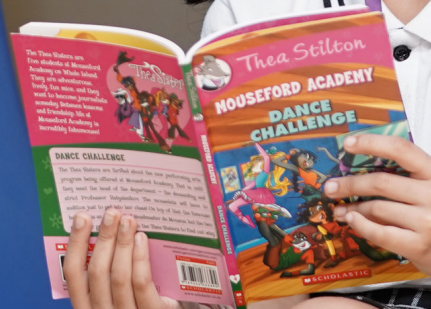

**The Youth Of Today  
Are The Leaders  
Of Tomorrow!**

# The Best Way To Predict The Future Is To Create It

# Our Curriculum

At NHIS, we aim to provide the best. From our infrastructure to our curriculum, we keep your child's best interests in mind. We provide a choice of two comprehensive teaching pedagogies & curriculums:

## Hybrid CBSE (Central Board of Secondary Education)

- A novel concept unique to NHIS.
- A meticulously designed curriculum that is an amalgamation of the regular CBSE curriculum with the best practices of an international board to make it extraordinary.

It is our aim to provide the best learning experience for your child. Hybrid CBSE is an optimal blend of CBSE with the hands-on teaching pedagogy of an international board to ensure learning of the highest order. Our HYBRID CBSE curriculum has been developed keeping in mind the needs of the 21st century. With international infrastructure and student-centric experiential teaching methodologies, we promote innovative thinking to give rise to leaders and innovators. Our teaching transcends the conventional way of Indian teaching but does not forget our core Indian values.

**Holistic  
Development**

**Hands on  
Teaching  
Pedagogy**

**Modern  
Curriculum**

**Technologically  
Advanced**

# The Cambridge Assessment International Education (CAIE)

CAIE is the world's most popular and sought-after international board. Giving students a wide range of subjects to choose from, CAIE's pedagogy is designed in a manner that facilitates flexibility and freedom. Encouraging learners to engage in a variety of subjects, and make connections between them without following the rote method is fundamental to our approach. CAIE incorporates experiential learning methodology, igniting within our students, a genuine passion for learning and innovating.

**Global Community**

**Flexibility & Responsiveness to Change**

**Recognized World Over**

**International Curriculum**

**Hands-on Teaching Pedagogy**

At NHIS, we guide all our children into adulthood through an inquiry-based education, one which prepares our students to be sovereign thinkers, sublime innovators, and adept problem solvers. Both our boards are meticulously designed to inspire new ideas and ignite curiosity in our students.

# Kindergarten

At NHIS, we firmly believe that a strong foundation in early education is the bedrock of a child's academic success and personal development. Our Kindergarten program is meticulously crafted to provide your child with a stimulating, nurturing, and age-appropriate learning environment. We embrace play-based learning methodologies, encouraging exploration, creativity, problem-solving, and social development. The Montessori philosophy, emphasizing independence and hands-on experiences, is seamlessly integrated into our classrooms. Furthermore, we introduce STEM education early on, through engaging experiments and activities, igniting curiosity and preparing our young learners for a future of scientific exploration in today's ever-evolving world. Alongside these methods, we have also incorporated the CAIE approach, ensuring a comprehensive and globally recognized educational experience for your child.

# Primary

## Grade I-V

Our primary classes provide a hands-on multidisciplinary and multi-sensory instructional approach that focuses on nurturing the imagination and individuality of our students. Innovation and creativity are promoted by our excellent faculty through contemporary teaching techniques. Our curriculum beautifully combines classroom teaching with the practical teachings of real life. Our goal is knowledge-building and bringing out the best in your child. Our curriculum is integrated with music, dance, robotics, yoga, art, sports, life skills, and most importantly, values. These subjects are taught by specialized educators.

## Subjects Offered

English, Kannada, Hindi,  
Mathematics,  
Environmental Science,  
Digital Learning, Robotics,  
Value Plus, Life Skills

## Co-Scholastic Subjects Offered

Dance, Music, Art & Craft,  
Yoga, Sports

# Secondary

## Lower Secondary - CAIE; Hybrid Cbse Grade VI - VIII

The focus in lower secondary is on equipping our students with in-demand skill sets, a healthy view of self, and a hunger for excellence. We have devised a learning framework that prepares our students for a future filled with success. Our students enjoy a stimulating and varied curriculum that focuses on innovation, creativity and engagement, which challenges and inspires our students to become the best version of themselves. The science labs, the computer labs, the robotics lab, the recreational center, the learning studios, and the one-of-a-kind science parks have been designed with salient features that inspire innovation and boost creativity.

# Upper Secondary - CAIE; Hybrid Cbse

## Grade IX-XII

The Hybrid CBSE Upper Secondary Curriculum is designed to guarantee a comprehensive learning experience for a student. A practice-oriented teaching methodology is followed to ensure a child's overall growth and development. At the end of the Hybrid CBSE Upper Secondary, the students undertake the CBSE examination.

Cambridge Upper Secondary, popularly known as IGCSE, is the world's most popular qualification for 14 to 16-year-olds. At NHIS, the Cambridge IGCSE curriculum is formulated to offer a broad and balanced pedagogy, across a wide range of subjects, using a learner-centric and inquiry-based approach to learning. At the end of Cambridge Upper Secondary, students undertake the IGCSE qualification examination.

A photograph of a modern, multi-story school building with a central courtyard. The building features multiple levels with balconies, each enclosed by white metal railings. The balconies are decorated with colorful panels in shades of purple, blue, yellow, and orange. Some balconies have small, stylized window cutouts. The ground floor has large glass windows and doors. In the foreground, a colorful, abstract graphic of overlapping circles in orange, yellow, green, and purple is visible. A staircase with a blue and white striped railing leads up from the bottom right towards the center of the courtyard.

# Our Top-Notch Infrastructure

Elevating Your Child's Learning Experience.

# Our Educators

At NHIS, your child will be surrounded by educators and mentors who are leaders in their respective fields. They bring real-world experience to the forefront and foster a dynamic and engaging academic environment. Their focus is on boosting a child's self-awareness to unlock their latent talents and skills. Our educators encourage students to not just think broadly, historically, and critically, but also provide a safe and comfortable environment for learning, growing and having fun!

# Learning Studios

Our aim is to make learning an effective and enjoyable experience for all our students. All our learning studios are digital learning spaces enabled with smart TVs to provide audio and visual stimulation to our students to ensure an effective flow of information and to maximize learning. NHIS offers a wide range of learning that goes beyond textbook knowledge. Our learning studios are spacious and well ventilated to ensure that our students are comfortable while creating and building knowledge. Our learning studios act like an individual eco-system to support children in all aspect.

# NHIS Science Parks

Our distinctive Science Parks have been meticulously designed to introduce an experiential way of learning, ensuring that our students have the opportunity to practically test out the theories they learn in the classroom. Both the Science Parks are vibrant hubs, designed to ignite the passion of science in our students. Our Science Parks are not mere places, but experiences. This is where students of all ages can roll up their sleeves and engage in the marvels of science.

This is the place where curiosity meets discovery!

## Junior Science Park

## Senior Science Park

# Science Laboratories

Our Science Labs are places where our students can experiment, develop, and conceptualise different scientific ideas. We employ a pedagogy that encourages students to learn by doing and to use the knowledge they have learned in the classroom for problem solving in the lab. The labs for chemistry, biology, and physics all adhere to safety regulations and give students a stimulating setting in which they learn about the application of science.

## Junior Composite Lab

## Senior Labs

Physics Lab

Physics Lab

## Biology Lab

## Chemistry Lab

## Robotics Lab

The school aims at keeping the students abreast of the advancement of technology and globalization. The Robotics Lab at NHIS is well equipped with the latest electronic gadgets needed for designing and fabricating a robotic apparatus. The Labs provides a platform for children where they can collaborate, analyze, and create.

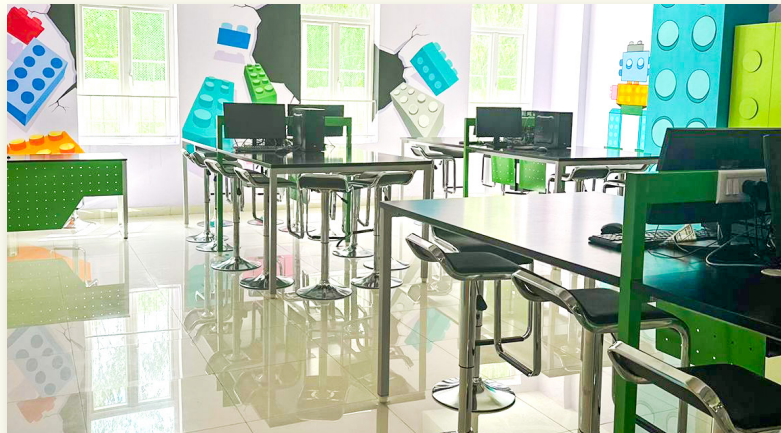

# Lego Lab

In our LEGO Lab, middle school students dive into STEM education. They explore programming principles with graphical software, controlling builder models with sensors and actuators. Students construct and control various models, fostering basic programming skills, critical thinking, and problem-solving. Collaboration and presentation skills are honed as science becomes real and relevant. Lego Education develops and stimulates the technical thinking of a child, performing many functions at once:

Develops intellect, imagination, and perseverance.

Introduces children to the world of robots and creates conditions for the development of interest in robotics and programming.

# Computer Labs

The computer labs are designed to ensure that the students have the required environment to carry out their activities and projects. Top-notch equipments and a safe environment present the students with a space where they can explore the intricacies of the world of computers and technology

# Yoga Studios

Yoga is an integral part of our great culture. Apart from many physical benefits, Yoga helps a child become more aware and focused and reduces the stress and anxiety level of a child. We have four excellent and spacious yoga studios in which our students can comfortably learn and practice yoga. The yoga classes are taught by excellent & qualified trainers.

# Life Skills Lab

The Life skills lab at NHIS inculcates a cross-discipline application of knowledge, values, and skills which play a crucial role in the emotional, intellectual and interpersonal development of an individual. This lab focuses on teaching our students real - life skills, skills that are needed in everyday life to become an independent individual. The Life Skills Lab boasts of a fully functional kitchen, dining area, bedroom area, grooming space and multiple workstations to help our students become independent young adults from an early age.

# Cafeterias

Our cafeteria caters to a variety of taste palates. A food committee ensures that all meals are nutritious as well as delicious. The cafeteria is specifically made according to the needs of your children. This is a healthy, safe, and fun space for them to enjoy their meals in! Our junior and senior students enjoy separate cafeterias.

# Infirmary

Our infirmary is designed to ensure that our students have a comfortable and safe space for resting and recuperating. We have a full-time qualified nurse to take care of our students. The dispensary is well-stocked and equipped to handle minor injuries allergies and illnesses. We are also tied up with Ovum hospital for out patient treatment, health checkup and health awareness sessions.

# Multipurpose Recreational Centers

Here at NHS, we ensure that the A to Z of your child's Education & Curriculum is kept in mind. The Multipurpose Recreational Center used for yoga, events, debates, in - house competitions, indoor game and many more fun activities.

## Dance Rooms

We have four dedicated spacious and colourful rooms for dance practice sessions. Our professional dance instructors help children explore both Indian and contemporary disciplines and prepare them for inter - house and inter - school competitions.

# Day Care Center

The Day Care Centre has been set up to take care of the needs of the working parents of our students. This is a space where children not just play & nap, but are also provided with intellectual stimulation to enhance their growth. A plethora of activities, delicious & healthy snacks, and a blissful nap on the most comfortable beds await your children!

# Audio Visual Center

A mini theater with ultramodern facilities provides the students with visual stimulation for a better understanding of subjects. It is also used for various recreational activities. Experienced drama teachers engage the children in a variety of acting skills.

# Libraries

Our two fantastic libraries at NHIS are more than just repositories of books, they are havens for the curious, hubs for collaboration and places where lifelong learners are nurtured. The carefully curated collection at our libraries ensures that every student, regardless of their interests, can find something to ignite their passion for learning. Our dedicated librarians mentor and guide our students through the vast sea of knowledge.

# Art Studios

The art studios at NHIS have been designed to inspire the artist within and encourage the flow of thoughts through the medium of art. Talented and versatile instructors are present to ensure that your child receives the best training.

# Children's Play Area

NHIS has a wonderfully safe and colorful play area for your children. A plethora of fun play equipment are present here for your child to enjoy. This is a safe space for our youngest citizens to get out of their classrooms and enjoy some fun and games. A segregated zone for our tiny tots to let loose and have fun in a safe environment!

# Music Studios

NHIS has two well-equipped music studios where students are taught vocals and a variety of different musical instruments. We have specialized instructors who train our students in the art of music.

# Transport & Safety

NHIS has a fleet of buses that reach most parts of the city. On each bus, we have a GPS surveillance and communication system with Live Tracking, Real-Time Alerts, and Event Logs. Drivers of the buses are trained and checked to ensure the safety of each child. Every bus also has a female attendant who is there throughout the journey. NHIS buses are also equipped with first aid kits!

At NHIS, we do not encourage picking up & dropping your child at the entrance/footpath of the school premises, hence our campus is equipped with a fully functional underground parking, where our buses will pickup and drop you child safely into the campus. This initiative was started to make your child's life hassle-free and also to keep your mind at rest when it comes to your child's safety. Your child's safety is our utmost priority!

We have CCTVs installed across our campus premises, in every nook and corner to ensure the safety of our children while they are at school. We have a dedicated personnel in charge of constantly monitoring the CCTV cameras
